

Ducks Swim Team Social Media/Marketing Update

Over the past two years the Logan Ducks Swim Team has seen an increase in its use of both photos and videos at practices, swim meets, and other team events. Starting this year, the Ducks Swim Team will have an even bigger presence on the internet. We will be posting pictures and videos on a number of different outlets including: Facebook, Instagram, Snapchat, and the JCC's website. We believe that this is an amazing way to showcase both our Logan Campus and our swimmers!

In addition to social media, pictures may be taken by the JCC for marketing purposes, including (but not limited to) billboards, flyers, and program guides.

If you decide you do not want your child to be included on these outlets, please fill out the following opt-out form and return to one of the coaches. Thank you.
